Victoria and the Estimates.

We are sure there is not an intelligent person resident in this city who will be able to restrain a feeling of bitter disappointment, we might say well-founded indignation, after having examined the Estimates laid before the House on Tuesday, and published in the STANDARD yesterday. When it is borne in mind with what unanimity the House, led by our senior member, Mr. Attorney General McCreight, rejected the second reading of the Bill to repeal the Trades License Act, so far as it related to incorporated towns at present in existence, or hereafter to be established, the citizens of Victoria not unreasonably expected that in framing the Estimates, the Government would take care that the District of Victoria City, in common with every other district in the Province, should be awarded its fair share of the revenue set apart for public improvements. What, then, must have been their surprise upon glancing over the items of proposed expenditure to learn that the Government had completely overlooked Victoria, if we except an item of \$7,000 for an imaginary Water Company, a company that really has no existence, nor is likely to have, for this year at all events. Victoria has no less than four representatives in the Legislative Assembly, the chief of whom is a Cabinet Minister and leader of the Government, and may we not well ask what these gentlemen have been doing, or thinking about, to permit the interests of their constituents to be so completely ignored? The objection to altering the Trades License Act so that the monies collected from trades and persons carrying on business within the corporate limits of the city of Victoria might be applied to municipal purposes under the direction of the Mayor and Council, was that the Trades License fund formed a part of the general revenue of the Province, and that to make such a concession in favor of Victoria would not be dealing fairly with other sections of the country. It was very clearly explained by Mr. Beaven, who had charge of the Bill, that it was not at all the object or desire of the promoters of the measure to ask anything for Victoria that they were not willing to concede to other localities; but that Victoria being an incorporated city, and requiring funds to carry on improvements within the corporate limits, such as supplying water, making sewers, grading and metalling streets, laying down sidewalks, etc., it was but fair that the general Government should relieve the ratepayers of that tax in order that it should be made a municipal rate and the money thus raised be devoted specially to municipal improvements. It was also shown that while the citizens of Victoria had been by far the largest contributors to the general revenue, as being the most populous community in the Province, they never had received anything like a just proportion of the revenue in return, for the use and benefit of the city. In fact, with the exception of a small annual grant to the Fire Department for some three or four years, we are not aware that this city, since being incorporated, ever had a dollar of the tens of thousands of dollars taken from the citizens for the support of the General Government returned to it for any purpose whatever, and even the pitance to the Fire Department was discontinued some two or three years ago, and the entire cost of that department made a charge upon the municipal revenue. While the general revenue has been lavished upon various public works in the upper country, this city has been systematically fleeced. Under the old system of irresponsibility and official tyranny it was useless to complain of the unfair treatment to which the people of this city were subjected and their interests subordinated to the requirements of the rest of the country; but a better state of things was looked for under a system of Responsible Government. People naturally supposed that with four members in the Legislature to look after their interests, their influence in a House of only twenty-five members would be sufficient to command attention and ensure justice to their constituents, as well in reference to the apportionment of the public revenue as in all other respects. It looks very much as if they were doomed to be grievously disappointed. Seven thousand dollars to a Water Company, just means not a dollar to Victoria. If being an incorporated city does not entitle the citizens to the remission of a tax by the general government in view of the fact that they are similarly taxed by the municipal government for municipal purposes, neither should it deprive them from participating, in common with other localities, in the appropriations set apart by the government for public improvements. We sincerely trust our representatives will give the government to understand that the people of this city are not to be completely ignored in this matter. As large contributors to the general revenue, they claim the right to their full share of whatever the government has to devote to purposes of general improvement. If it be but seven thousand dollars, let that amount be placed to the credit of the Municipal Council to be expended on such public works within the municipality as they may deem proper. As the legal representatives of the citizens, they are the proper parties to receive and expend any appropriations the government may make for the benefit of the city, nor should they in ordinary cases be dictated to by any other authority as to what disposition

they shall make of the money. We have no desire to be captious, or unreasonably to find fault, but we do think that the citizens of Victoria have just cause to complain of neglect on the part of the government in this matter, and unless a change be effected when the Estimates are discussed, somebody will be called to account therefor.

PROVINCIAL ASSEMBLY.

WEDNESDAY, March 6, 1872.

The House met at 2 o'clock, p.m. Pre-
sented: The Hon. the Speaker and three
members.

THE ASSAULT UPON HER MAJESTY.

The Attorney General moved the House go
into Committee to prepare an Address to the
Queen, in accordance with the resolution
passed upon yesterday by the House with
regard to the recent assault upon Her Ma-
jesty.

House went into Committee, Mr. Mars in
the chair. The Committee agreed to a loyal
and sympathetic Address, having spent
considerable time in agreeing to draft of the
same. The Address was agreed to by the
House—unanimously, embraced an Ad-
dress to the Queen, Governor, praying him to
forward the Address.

THE TARIFF.

The Governor sent down for the adoption
of the House a Bill for acceptance of the
Canadian Tariff. Read first time.

Mr. Humphreys suggested notice of motion
to be given to ask leave to introduce a Bill.
Hon. Attorney General said this was a
Message from the Governor.

Dr. Ash had no objection to the passing of
the Bill, but he wanted the Standing Orders
amended with—that the House go into Com-
mittee to consider whether the Bill should be
sent for.

Hon. Mr. Walker said it was decided al-
ready, that the action of the House was in
order.

Considerable further debate was had. Dr.
Ash moved to rescind the vote of the first
reading, and that the House go into Com-
mittee on Monday to consider the Bill.

The Committee consider the Bill sent down by the
Governor.

Hon. Attorney General said the House
passed an Address asking the Governor to
send down a Bill, and here it is.

Mr. Robson said a message from the Gov-
ernor always takes the precedence of every-
thing else, and now it is proposed to ignore
the Governor's Message, notwithstanding it
is sent down in accordance with a resolution
of the House.

Mr. Humphreys replied.

The Attorney General made some remarks.
Mr. Smith said the Hon. Attorney Gen-
eral was in the habit of getting up half a
dozen times on every little matter, when
there were other members of the Government
equally able to explain matters.

The Attorney General had no objection to
rescind the first reading. Rescinded accord-
ingly.

The Hon. Colonial Secretary laid before
the House a Message of the Governor in re-
sponse to the resolution for returns of money
collected under the Trade License Ordinance,
and which could not have been earlier prepared.
On motion of Mr. Beaven, the Returns were
ordered printed.

PETITIONS.

Petition of John Robertson Stewart was
presented, with regard to lands at Quatsino
west coast of V. I., praying to be confirmed
in possession of same.

Referred to Committee on Private Bills.

Mr. Armstrong presented petition of far-
mers of North Arm Fraser River, praying for
construction of a road. Read and received.

Mr. Hunter presented petition of M. C.
Island and 110 others, in reference to trails
across the Omicame. It was decided that the rules
had not been complied with.

Dr. Ash presented petition of colored res-
idents, praying to be allowed to serve on
jurors in this Province. Read and received.

Mr. C. Booth presented petition of S. W.
Herring of West Westminster, praying for an
absolute title to certain lands at New West-
minster, on which he resides. Petition was
received.

Hon. Mr. Walker demurred to petition.

The petition presented by Mr. Hunter
evoked much discussion, on account of cer-
tain enures and interrelations in petition.

The Speaker decided the petition was not
admissible. Mr. J. P. Booth moved the following
resolution:

That an humble Address be presented to
His Excellency the Lieutenant-Governor,
praying that the fifth clause of the sixth
section of the Controverted Election Act may
be amended, that five hundred dollars
shall be the amount of security required.

He said the amount required for security
was too much.

Secured by Mr. Humphreys.

Mr. Walker thought the change proposed
would be mischievous, and proceeded to
show it. He admitted that in certain cases
there was a hardship to be complained of.

Hon. Chief Commissioner expended consid-
erable force in opposing the motion, when
Mr. Booth said the motion was withdrawn.

THE BALLOT.

The same gentleman (Mr. Booth), after
some preliminary remarks showing the neces-
sity of the ballot, moved the following resolu-
tion:

That an humble Address be presented to
His Excellency the Lieutenant-Governor,
praying that a Bill may be sent down to this
House, providing for the introduction of the
Ballot, as a means of voting at all Elections
held in this Province.

Mr. Robson didn't think the country was
yet very much in want of the Ballot, but he
was prepared to give a Bill his support, and
he hoped the resolution moved would be
withdrawn for the present.

Mr. J. P. Booth.—If the Government
possessed the confidence of the House, it should
bring down the Bill. It is true they
shouldn't ask the Government simply
because they should bring it down themselves.

Hon. Chief Commissioner discussed the
word "Opposition," made use of by last
speaker, introducing one of his famous anec-
dotes. He hoped the whole one would not
be thrown upon the Attorney General.

Mr. Humphreys rose to a question of privi-
lege that the House authorize the Speaker to
appoint a Law Clerk.

Several gentlemen got up to speak at once.
Mr. Armstrong seconded Mr. Humphreys
views.

The Speaker would prefer to leave it to
the House.

There was at this juncture an intermission
of 15 minutes.

A LAW CLERK.

Mr. Humphreys moved to nominate Mes-
srs. Hett, Johnson, Courtney, Bishop, and
Messrs. Drake & Jackson as candidates for
the office of Law Clerk, and moved that one
of the number be elected by ballot to serve for
the session. Carried.

The Clerk went round with the hat to
collect the ballots, and the vote when read
stood—Mr. Hett, 19; Mr. Courtney, 4.

Mr. J. P. Booth's motion for the introduc-
tion of the Bill was then put and lost,
13 to 10.—Ayes: Smith, Copan, Jamieson,
Ash, Booth, Bunter, Humphreys, Duck,
Beaven, Armstrong.

Koss-Hughes, Robson, Mars, Semlin,
Hunter, Robinson, Walker, McBreight,
Robertson, Tod, Holbrook, C. Booth, Smith.

Hon. Mr. Walker suggested that the
Speaker inform Mr. Hett of his appointment.

INDIAN POLICY.

Mr. Hughes moved, seconded by Mr. Arm-
strong—

That an humble address be presented to
His Excellency the Lieutenant-Governor,
praying that steps may be taken to move the
Dominion Government to the immediate
adoption of an Indian policy for the Province
and a proper adjustment of Indian Reserves.

It was highly necessary to take steps for
furthering the interests of the Indians;
anything hitherto done for their improvement
was done by the Churches and missionaries.

He would impress upon hon. members, that
the tribes are now, in a measure, cooperating
to a certain extent against the whites, whereas
hitherto they were at enmity amongst them-
selves. Carried.

Mr. Smith moved—

That the petition of J. C. Barnes be con-
sidered on Wednesday next; and that
Select Committee be appointed to consider
the same, consisting of Messrs. Tod, Hunter,
Jamieson, Armstrong, Beaven, J. P. Booth,
and Semlin.

The Speaker said that the petition was out
of order, as it prayed for a money grant; it
could only be read on the recommendation of
the Governor.

Mr. Smith, acting on the suggestion of Mr.
Humphreys, withdrew his motion.

THE TARIFF.

Mr. Robson moved—

That this House resolve itself into a Com-
mittee of the Whole on the resolution accept-
ing the Canadian Tariff, for the purpose of
considering a Bill to carry the same into
effect.

Dr. Ash moved an amendment that the
House go into a Committee of the Whole on
the resolution on Monday next, as that day
had been fixed upon for considering the Cana-
dian Tariff.

Mr. Robson objected to the amendment.

On the question being put the amendment
was lost.

The House then went into Committee of
the Whole, Mr. J. C. Hughes in the Chair.

Mr. J. P. Booth did not consider it advis-
able to take up time in opposing a Bill
which the House had determined to carry.

The members had decided that the Govern-
ment had decided that the House had decided
on other interests in British Columbia of more
importance than agriculture. Such being
the case, it would be a waste of time to
discuss the question; further, we must sub-
mit to the voice of the majority.

The Committee adopted a basis for the Bill
and the Hon. Colonial Secretary moved that
the Attorney General prepare a Bill to that
effect. The Committee then reported and the
report was adopted.

On motion of Mr. Armstrong the House
then passed to the Orders of the Day.

NOTICES OF MOTION.

Mr. Beaven gave notice of motion that on
Friday the petition of the citizens of Victoria in
reference to the Tax Sale Relief Bill be taken
up in Committee of the Whole.

Mr. Smith on Friday next would move
that His Excellency be respectfully requested
to move the Dominion Government to arrange
the mail service on the East Coast of the
Island so as to have the mails carried into dis-
tricts situate at a distance from the salt
water.

Mr. R. Smith gave notice that on Tuesday
next he would move that an address be pre-
sented to His Excellency that he take under
consideration the petition of J. C. Barnes for
compensation for constructing a trail from
Quatsino to Germanes Creek.

Mr. Tod gave notice that on Friday next
he would move that an address be presented
to His Excellency, praying that the sum of
\$3,000 be placed on the Estimates for the
maintenance of orphans in the care of the
Sisters in Victoria.

Mr. C. Booth gave notice that on Friday
next he would move that the petition of S.
W. Herring be referred to a Select Committee.

Mr. C. Booth would move on Friday next
that the petition of W. Farron and others in
relation to the Frypan Pass trail to
Omicame, be read and referred to the Com-
mittee of Supply.

Dr. Ash gave notice that on Friday he
would move that the Hon. Provincial Sec-
retary furnish for the information of the House,
Estimates of the income of the Province
during the present year.

Mr. E. Smith on Friday next move
a resolution to His Excellency praying that he
will recommend to the Dominion Government
the immediate necessity of a regular mail
service throughout the Kamloops, Okanagan
and Nicola Lake sections of the Yale-Lytton
District.

Mr. Armstrong gave notice that on Friday
he would move that the House go into Com-
mittee of the Whole to consider the expedi-
ency of amending the 28 and 29 of the Consti-
tution Act 1871, for the purpose of increasing
the indemnity of members of the Legislative
Assembly, and that an address be presented
to His Excellency praying that such clauses
be amended; that a sum of money be placed
on the estimates sufficient to indemnify
members to the amount of \$10 per day for a
session not exceeding 30 days, and if exceed-
ing 30 days the amount \$500 for the Session
with 25 cents mileage.

Mr. Duck would on Friday next, ask leave
to introduce a Bill for his object the
introduction of the Ballot as a means of
voting at all elections held in the Province.

Mr. Armstrong would on Monday next ask
the Hon. Commissioner of Lands and Works
how much of the \$6,000 appropriated last
year for surveys throughout the Colony, has
been expended; how many surveys have been
made, and in what districts; the salary paid
the surveyors per day when employed by the
month, and per month when employed by the
month.

Mr. Bunter on Tuesday next would ask the
Attorney General whether in his opinion the
water frontages at the foot of the streets of
this city should not be open to the public.

Mr. Bunter on Wednesday next would ask
leave to introduce a Bill to prohibit all
wagons, drays, or carts being allowed to

haul wood or other loads over the top, on the
roads in Victoria and Esquimalt District,
except the said wagon tiers are five inches in
width.

The House then adjourned until to-morrow
at 2 o'clock.

THE ADDRESS OF THE LEGISLATURE TO HER MAJESTY THE QUEEN.

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

Most Gracious Majesty.—We, Your Majesty's
dutiful and loyal subjects, the Legisla-
tive Assembly of the Province of British Col-
umbia, in Parliament assembled, desire to
approach Your Majesty with an expression
of unfeigned regret at hearing of the inane
attack that has recently been made upon
Your Majesty, and we beg to be permitted to
offer to Your Majesty the assurance of our
profound sympathy and desire to join with
Your Majesty in an expression of thanks to
the Ruler of all Destinies, that the attack
made upon Your Majesty has not resulted in
any way, injuriously. We take this oppor-
tunity of assuring Your Majesty of our devo-
tion and attachment to Your Majesty's
Throne and Person.

MANITOBA LEGISLATURE.—The proceedings
of the Manitoba Legislature, to judge from
the changes, appear to be conducted much
after the manner of those of the sister prov-
ince of British Columbia. The disorder at
times has been such as to compel the Speaker
to clear the House. Parliament was opened
on the 17th of January. Nothing very striking
appears in the speech of the Governor.

The address in reply to the speech of the
Governor was an expression of thanks to the
Ruler of all Destinies, that the attack
made upon Your Majesty has not resulted in
any way, injuriously. We take this oppor-
tunity of assuring Your Majesty of our devo-
tion and attachment to Your Majesty's
Throne and Person.

Mr. Scott.—H. M. S. Scott will sail this
morning for San Juan and Burrard Inlet.
His Excellency the Lieut. Governor proceeds
in her to Burrard Inlet to select a site for a
lighthouse which is to be built in that vicinity.

The Scott will also take in lumber for making
extra cabins in the vessel, for the use of the
British Consul General of the Sandwich
Islands, who on the ship's arrival there, is
going to make a tour of the group of islands.

We are also informed that the Council Gen-
eral will choose a spot at Owyhee for the
erection of a monument to Captain Cook
and which the British Government are about to
build.

REHEARING DENIED IN THE LAURA FAIR
CASE.—The counsel for the prosecution in
the case of the People vs. Laura Fair, ap-
plied for a rehearing of the arguments on the
points lately decided by the Supreme Court,
by which the prisoner was granted a new
trial—on the ground that evidence of char-
acter was erroneously admitted, and that
counsel for the defence were entitled
to alternate with the prosecution in ad-
dressing the jury. The Supreme Court
rendered a decision yesterday, denying the
motion for a rehearing, and the case was
back to the Court in which it was tried.—S.
F. Atlas, February 29.

EX-SECRETARY Seward on the Washing-
ton Treaty.—New York, Feb. 29.—An in-
terview with ex-Secretary Seward, at Wash-
ington, yesterday, elicited his opinions on the
Treaty. He considers that great
omissions exist in the present treaty, in that
it does not insist on an apology by England
for the Queen's protest; but that with
England is impossible, and that the time
for the settlement of the Alabama claims
has not yet arrived. The demand for a sum
of money for consequential damages is, in
his opinion, beneath the dignity of our Gov-
ernment.

THE PRISONERS.—The nine white men, who
have now been incarcerated for some weeks
on suspicion of being concerned in the late
burglaries, should, the public think, be lib-
erated. It would seem that the guilt has been
clearly fixed upon the Chinamen, who are
also in prison on the same charge.

HONORS PAID TO AN AMERICAN BISHOP.—
London, February 28.—Bishop Stevens,
of Pennsylvania, was present at the Thank-
sgiving services at St. Paul's Chapel yester-
day. The distinguished American divine
was the recipient of special honors from his
brethren of the Church.

POLICE COURT.—The four Chinamen on re-
mand from Saturday charged on suspicion of
being concerned in the robbery of Messrs.
Burns & Edwards store, were brought up
yesterday, one of the Chinamen named Ah
Yang was discharged, the other three were
remanded for one week.

The passengers per Prince Alfred booked
up to last evening, are: Mrs. Hartnagle and
three children, Miss A. Coxon, Miss J. Coxon,
Messrs. G. Pool, M. R. Maddocks, R. Hine,
J. Deberghy, Captain Houghton, M. P., and
J. Rowland.

MUSIC.—Amongst the latest productions
is "Snowed In," dedicated to the snow-bound
passengers of 1872, and published by M.
Gray, of San Francisco and Portland. Copies
may be had at Hibben's.

The Otter, which sails this morning for the
Skeens, will call at Queen Charlotte Island
on the trip. She booked up to last evening,
20 passengers, bound for the Omicame El
Dorado.

Mr. Hett, Attorney at Law, yesterday re-
ceived the appointment from the House of
Assembly, of Law Clerk to the same. The
appointment gives general satisfaction.

INQUEST.—The Coroner held an inquest
yesterday, over the body of an Indian found
on the beach near Esquimalt. The jury
brought in a verdict of found drowned.

A FINE substantial freight boat intended
for ascending the Skeena river, was launched
yesterday at Mr. Lechappelle's.

The Enterprise went to Esquimalt yester-
day with freight for the Lady Lamson.

Address of the Municipal Council
to Her Majesty.

Resolved, That We, the Mayor and Councillors
of the City of Victoria, Province
of British Columbia, on behalf of the Citizens
of the City, desire to offer the expression of
our hearty regret at the assault which has
recently been made upon Her Most Gracious
Majesty the Queen, our sympathy with Her
Majesty under the trying circumstances, and the
renewed assurance of our devoted attachment
to Her Majesty's Royal Person, and that His
Excellency the Lieutenant-Governor, be re-
spectfully requested to forward the above
resolution to the Governor General of the
Dominion, for transmission to Her Majesty.

Passed the Municipal Council, March 5th,
1872, and signed by the Mayor and Council.

Our Ottawa Letter.

OTTAWA, Feb. 16, 1872.

The general prosperity of the Dominion
was very happily alluded to last week by Sir
John Macdonald, in a speech made by him
at Kingston, at a dinner given to the Mayor
of that city. He commenced by stating that
he would avoid all political questions, con-
fined himself to the subject of the Dominion,
position. He alluded to the surplus in the Treas-
ury, amounting to five million and a half
dollars, which he stated was to be expended
as speedily as possible for purposes beneficial
to the country at large. He alluded to the
prosperity of the Dominion, and the develop-
ment were very happy and successful, and
required opening up and would secure their
share of attention. The country between the
Atlantic and Pacific was united, provinces
were themselves, and with few means of
development were very happy and successful,
strength and confidence, possessing all the
elements of a nation. Speaking of British
Columbia, Sir John said, that seeing the
Rocky Mountains in the distance, he had
sought admission to the Union, and had be-
come an honored portion of the Dominion.
Canadians might feel proud of the position
of their brother, the Hon. G. A. Walker, in
the Dominion, as Minister of the Interior,
an important constituency. He fur-
ther alluded to the fact that we had acquired
all that vast country which stretches to the
Rocky Mountains, in which millions of her
Majesty's subjects might be made happy and
prosperous, possessing agricultural, mineral,
and every other source of wealth. He further
alluded to the credit of Canada being so high
abroad, that 5 per cent was at a premium
now, while not long ago we could not borrow
anything without the guarantee of the Mother
Country. Altogether the speech of the Pre-
mier was as comprehensive as anything could
be, when separated from political subjects.

Manitoba has been considerably exercised
on receipt of the news of the resolution in-
troduced by Mr. Blake in the Ontario Legis-
lature, and passed there, touching the Scott
case, and alluded to in my last letter. At
the sitting of the Legislative Council, the
following resolution was introduced:

Resolved, That this House, having in its
reply to His Excellency's speech at the com-
mencement of the present session, pronounced
its cordial approval of the policy pursued
in relation to the troubles which preceded
our union with Canada, regrets to observe
that the Legislative Assembly of another
province should have passed a resolution
criticizing and condemning that policy. Un-
der the responsible institutions conferred
upon us we claim the right to manage our
own affairs, and to be free from the inter-
ference of other provinces. We are, however,
in the habit of passing resolutions in our
own Assembly, and must, within its sphere
of action, conduct public affairs in accord-
ance with the well understood wishes of our
people, as expressed through their repre-
sentatives in this House, and no government
which does not so conduct public affairs will
command or receive our confidence and sup-
port.

The resolution was supported by speeches
in all of which the conduct of Mr. Blake, in
introducing a resolution of the kind for the
purpose of carrying out a party end, was
unanimously condemned. Only one member
of the Council, Hon. Donald A. Gunn, op-
posed the resolution. On the following day
the same resolution was introduced in the
Legislative Assembly of the Attorney Gen-
eral, who set forth in very clear and forcible
terms, the impropriety and danger attend-
ing the introduction of such a resolution, and
contended that it was an interference with
the independence of the Province as Ontario
or Quebec, it did not require any dicta-
tion from the latter, nor would it be
advisable for Mr. Blake, he said, had made
use of the Scott matter at the election last
spring; it had been in fact the hobby horse
upon which he had ridden to office. Mani-
toba would shoulder the responsibility of any-
thing which he had said or done, but since
the establishment of the Province, but with
events which occurred before the annexa-
tion of the Territory to Canada, the Imperial
Government alone could deal. Mr. Hay, Op-
ponent, proposed an amendment as follows:

Resolved.—That while we believe in the
conciliatory policy of the present Manitoba
Government, we must accede to all British
subjects the right to express their opinion in
a matter affecting the whole Dominion, and
to none more so than the people of Ontario,
seeing that the murdered man, Thomas
Scott, was a British subject and a citizen
of that Province. Therefore the great majority
of the people of this province sympathize
with them in their effort to maintain inviolate
the British law under which we live, and hold
that the violators of that law, with all legal
authority, be brought to justice.

A debate followed, in the course of which
Mr. Donald Smith called the attention of
the House to the fact that Lieut-Governor
Archibald McLean had been called in ques-
tion by the Ontario Legislature, which he
considered ungenerous in the extreme.

Some conversation followed, after which the
House divided, when Mr. Hay's amendment
was carried by the vote of 16 to 14. There-
upon the resolution was passed, and the House
adjourned.

There is no uneasiness in Ministerial circles
regarding the Geneva Conference, a large
amount of the newspaper verbiage on the sub-
ject being sensational. The view that the
pressing of the American claim for conse-
quential damages was an after thought, and
that the treaty was not signed in the British
Cabinet, is all events, in the belief
that it allowed such claims to be made, is
confirmed by the admission of the New York
papers; and it further appears, that some
Americans of note think such a claim could
not possibly be sustained by the arbitrators.

The New York Evening Post says: "The
fact was made public some two months ago
that the American Counsel before the Geneva
Conference are not altogether satisfied with
the American statement of the case as filed in
December at Geneva, and it is now asserted
that the dissatisfaction arose in consequence
of a claim for indirect damages being includ-
ed in the case, to the effect of Messrs. Evans and
Cushing were of the opinion that this claim
would have to be withdrawn before a satisfactory
conclusion to the pending controversy could
be had at Geneva."

According to some of the latest dispatches
from Washington, this much is certain, that

Esquimaux Graving Dock.

THE GOVERNMENT OF BRITISH COLUMBIA invite tenders to be sent in to the Lands and Works Office, Victoria, up to noon of the 20th day of March, 1872, for the construction of a Graving Dock at Esquimaux, British Columbia, under the guarantee provided in the twelfth section of the Terms of this Province with the Dominion of Canada, which section is in the following words:
"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the works at the rate of five per cent per annum on such sum not exceeding \$100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimaux."
The Dock to be of a length of not less than 450 feet, a clear breadth of 60 feet and 50 at bottom, and affording a depth of water, at ordinary high tide, of not less than 26 feet on the sill, and to be substantially built upon a site to be selected and provided by the party or parties tendering, subject to the approval of the Government. Parties tendering are required to specify the time within which they propose to complete the Dock.
Tenders are to be sealed, unopened, and to be forwarded to the Lands and Works Office, Victoria, British Columbia, and accompanied by plans and drawings, showing the exact dimensions of the Dock proposed to be built, the mode of construction and materials to be used therein.
Parties desirous of tendering, but who may decline to do so under the guarantee above named as insufficient, are invited to tender on the basis of such supplemental guarantee by the Provincial Government or other financial instrument as they may deem proper.

C. FRANCIS BARNARD, M.D.
SURGEON DENTIST.

DR. BARNARD HAS had for SEVERAL months the "Painkiller" or "Albion Balm," the newest and latest method adapted to the treatment of whole sets of teeth; he is also using "Whispering Tooth," which is rapidly supplanting the single denture or partial set, the best of the kind of the 25 years.

We cheerfully add Dr. B. Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other dentist in the South, Coast or Island.
